*Vitis vinifera*

**SPECIFICATION**

**BACKGROUND OF THE NEW VARIETY**

The present invention relates to a new and distinct variety of grapevine, which will hereinafter be denominated varietally as the 'Blanc Seedless' grapevine, and, more particularly, to a grapevine which is large, vigorous and productive, the fruit of which is mature for commercial harvesting and shipment in mid October in the San Joaquin Valley of central California.

The 'Thompson Seedless' grapevine, particularly when viewed from a historical vantage point, is one of the most commercially successful grapevines to have been discovered and commercialized. The San Joaquin
